ADMINISTRATIVE OFFICER

2. Introduction

ICMR-National Institute of Epidemiology (ICMR-NIE) is one of the permanent research institutes of Indian Council of Medical Research (ICMR), Department of Health Research, Govt of India. The vision of ICMR-NIE is to be a catalyst for a vibrant national health system through responsive research, education and training in epidemiology and public health. The Institute carries out research studies on important public health problems in India including communicable and non-communicable diseases.

2.1 Document Purpose

ICMR-NIE proposes to conduct a research study entitled *“Health Impact of Petroleum Oil Leak among residents of Tondiarpet, Chennai – A Cross Sectional Study”*. The study has been sanctioned and is proposed to be initiated soon.

2.2 Primary Study Objective

To assess the health impact of the population exposed to oil pipeline-leak in Tondiarpet area and unexposed population in Royapuram area in Chennai and to collect the current environmental petroleum exposure data in both study areas and collect historical environmental data at the exposed area.

2.3 Brief summary

Petroleum products contain more than 1000 chemicals, which are considered as carcinogens. The exposure (both acute and chronic) to chemical components of petroleum products can affect the health and cause illness. Although pipeline transportation of natural gas and petroleum is considered safer and cheaper than ground transportation, pipeline failures, failing infrastructure, human errors, and natural disasters can result in major pipeline disasters. As such, previous incidents have been shown to cause detrimental effects to the environment and the public’s safety. Oil spills have major environmental and economic effects as well affects human health.

Northern part of Chennai is a major industrial hub and many petroleum refineries, storage terminals are also located. The petroleum products are transported to the storage terminals from the refineries using underground pipelines, which traverse through residential and commercial areas. Leakage in the petroleum carrying pipeline systems had been reported in newspapers in the past. One such leakage incidence took place in an underground pipeline of Bharat Petroleum Corporation Limited (BPCL), at Tondiarpet area of Chennai during the year 2013. That underground pipeline was laid between Chennai Port and BPCL terminal and transporting motor spirit and high-speed diesel petroleum products. A public complaint was filed by the residents of Tondiarpet regarding contamination of groundwater. The complaint was investigated by Tamil Nadu Pollution Control Board (TNPCB) on 13/07/2013 and the inspection revealed presence of petroleum products in groundwater. A public interest litigation (PIL) petition was filed in Hon’ble National Green Tribunal (NGT), South Bench, Chennai by residents, which was admitted as Application No. 176 of 2013 in August 2013. Following, BPCL has dummied and abandoned that pipeline and the initiated remediation works as per the directions of Central Pollution Control Board. Some of remediation

work include provision of water to the public residing in the complained area and to measures to extract the spilled petroleum products from the ground.

A joint meeting was conducted by the stakeholders on 1st March 2021 to take stock of the remediation work and finalize further action plan for expediting the remediation process. As decided by the Committee, TNPCB has requested ICMR-National Institute of Epidemiology/ICMR-National Institute for Research in Environmental Health/ICMR-National Institute of Occupational Health to work in coordination to conduct a study to assess the health impact due to oil leakage in the population living in the affected area and submit the report.

ICMR-NIE conducted a consultative meeting involving experts in General Medicine (Madras Medical College), Environmental Engineering (IIT-Madras), Occupational Health (ICMR-NIOH) and Epidemiology (ICMR-NIE) on 6th January 2020 to discuss and finalize the plan for assessing the health impact of the residents living in the affected area. As decided in the meeting, we propose to conduct the study with the objective to assess the health impact of the population exposed to oil pipeline-leak in Tondiarpet area and unexposed population in Royapuram area in Chennai in collaboration with IIT-Madras, Madras Medical College, ICMR-NIOH-ROHC(S), ICMR-NIREH.

The Testing Laboratory should submit their plan in accordance with the Scope of Work as part of Technical Bid Format and Professional fee for Services as part of Commercial Bid Format.

The list of tasks, activities and special conditions of the work are given in chapter 4 of the Notice. The testing Laboratory would work closely with ICMR-NIE, Chennai and direct the execution of work comprising of the tasks as mentioned in Chapter 4 and as per in strict compliance with protocol to ensure that all project aspects are executed precisely.

4. Scope of Work

Through this Notice, ICMR-NIE is looking for an outsourced partner to provide laboratory services for Urinary Metabolites – Polycyclic Aromatic Hydrocarbons (PAH) under the “Health Impact of Petroleum Oil Leak among residents of Tondiarpet, Chennai – A Cross Sectional Study”. The following services and tasks are requested to be performed by the Testing Laboratory for the study coordinated by ICMR-NIE and implemented at the study site, Chennai:

4.1. Sample size:

- Total sites: Chennai
- Overall sample size for the proposed study is 550
- Total number of samples to be tested: 550 numbers of urine
- Screening failure rate: around 20%
- Total number of visits: 1 time (V0: Screening)

4.2. Visit schedule and investigations during each visit:

| Test | Details of Investigations | Test frequency |
|---------------------|---|----------------|
| | Biological Monitoring of Urine petroleum metabolites (PAH metabolites) | 1 |
| Biochemistry | 1-OHP (1-hydroxy pyrene) | |

4.3. Methodology of sample processing:

- The testing laboratory should follow the methodology (mentioned below) prescribed by ICMR-NIE Laboratory for extraction of PAHs from urine samples to be tested at the testing laboratory.

Enzyme hydrolysis, extraction and derivatization procedure:

A 2.0 ml sample of urine was placed in a 20-mL test tube. About 2.0 mL of sodium acetate buffer solution and 10 μ L of β -glucuronidase/aryl sulfatase were added to the sample solution, and the sample was incubated for 3 h at 37°C. 50 μ L of 1-HOP-d9 solution (0.1 mg/L in acetone) was added to the solution and the sample was extracted with 5.0mL of pentane by mechanical shaking for 20 min. 50 μ L MTBDMSTFA was added to the solution, and the solution was evaporated in vacuum rotary to about 0.1 mL, and then almost dried with a nitrogen stream. The dry residue was dissolved with 50 μ L of MTBDMSTFA and the tubes were heated for 30min at 60°C. A 2 μ L sample of the solution was injected into the GC system.

4.4. Schedule of sample pick-up/transport

- Shipment of screening samples (V0) from field site to ICMR-NIE Laboratory is by ICMR-NIE.
- Shipment from ICMR-NIE Laboratory to Testing Laboratory for conducting investigations mentioned in 4.2 (2-8°C). The cost will be borne by the bidder.
- The turnaround time for tests mentioned in 4.2 should be less than 72 hours.

4.4. Consumable supply for sample collection, aliquoting, and transportation

- ICMR-NIE Laboratory to provide sample collection material including labels for sample collection tubes, transportation of urine samples for the tests mentioned in 4.2 as well as for shipment of urine samples to testing laboratory.
- One aliquot of urine sample collected on V0 to be shipped to testing laboratory on a routine basis.

4.5. Data management

- The testing laboratory to give the results of the investigation to ICMR-NIE, Chennai by email and hard copy, with normal reference range values and units for each test carried out.
- The testing laboratory to maintain the database of (a) shipment details of samples received, (b) results of investigations conducted along with normal reference range values and units for each test carried out and should share the same with ICMR-NIE Laboratory on a real-time basis.
- The testing laboratory shall share the raw data as well as interpreted test results along with normal reference range values and units for each test carried out to ICMR-NIE Laboratory on a real-time basis.

Laboratory Investigations include the following one PAHs to be detected in Urine is as follows:
1-OHP (1-hydroxy pyrene).

** Screening of participants: Collect urine samples (40-50 ml) for PAH screening.

** Collect urine in one screw capped plastic bottle (50 ml) in sterile urine collection container for PAH testing.

5. Bid Information and Instructions to Bidders

5.1 Clarification

The bidders should ensure that their queries regarding the tender reach ICMR - NIE **on or before 02.02.2022 – 15.00 PM**. Bidders may also email their queries to stores@nie.gov.in

The scanned versions of the documents or pdf versions of the following documents need to be uploaded on CPP portal.

- i. Format of Covering Letter (Format 1)
- ii. Format for Performance Bank Guarantee (Format 2)
- iii. Eligibility Criteria (Format 3)
- iv. Format for Technical Bid (Format 4)
- v. Format for Covering Letter for Financial Bid (Format 5)
- vi. Format for Price Bid (Format 6)
- vii. Format for Draft Contract Agreement (Format 7)
- viii. Annual Turnover (Format 8)
- ix. Format for Statutory Auditor's Certificate for Furnishing Net worth Details (Format 9)
- x. Manufacturers'/Producers/Parent companies Authorization Form, if applicable (Format 10)
- xi. Declaration that the company has not been blacklisted in last three years (Format 11)
- xii. Format for BID Security Declaration (Format 12)

5.3 The bid document should outline:

- Brief company profile, services offered, accreditation, participation in EQUAs etc.
- A detailed proposed project management plan for undertaking the work/implementation of

services as detailed in the Scope of Work.

- Number and Competence of resources proposed to be allocated for the project which individual(s) will undertake the work, including why they are suitable to do so, and a short CV.
- All those Testing laboratories with proven track record in providing diagnostic laboratory services. Testing laboratories are encouraged to mention the study details such type of studies, sampler size, indication etc.
- Subsequent to assessment of submitted interests by a technical expert committee (TEC), the Testing laboratories may be subjected to evaluation audits (GCP/GCLP) as relevant and determined.

5.4 Validity of Bids

The validity of the bids shall be 90 days from the date of opening of bids.

5.5 Bidding Process:

- The bidders should submit their proposal online with the documents general format, scope, and comprehensive details. | 10. | In addition to USEPA standards, the testing laboratory should be recognised by the Central Pollution Control Board (CPCB) and/or Tamil Nadu Pollution Control Board (TNPCB)/Respective State Pollution Control Board as per Environmental Protection Act, 1986 (EPA1986). | Copy of Certificate to be enclosed |

6. Special Conditions of Contract (SCC)

6.1 Instruction to Bidders

Bidder shall create a process document for carrying out the Testing lab activities and submit the same to ICMR-NIE within 7 days of the award of the contract. This document shall clearly define all the processes to be undertaken by the bidder and standard operating procedures (SOP), the processes involved to meet all the requirements in the chapter 4 and SLA.

- Bidder will provide the sufficient resources to fulfil service level requirements and availability as defined in this document.
- Bidder shall have to keep the call records updated with applicable call resolution time details, exclusion etc., for all trial site locations in Excel on monthly basis.
- Escalation matrix shall be given for the staff and other activities so that backup supports be available.
- The selected Company shall not, without ICMR-NIE's prior written consent, disclose the contract, or any provision thereof, of any specification, plan sample of information furnished by or on behalf of ICMR-NIE in connection therewith, to any person other than a person employed by the SP in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.
- All empaneled companies automatically agree with ICMR-NIE for honoring all aspect of fair-trade practices in executing the work orders placed by ICMR-NIE.
- ICMR-NIE will process the bid as per procedures mentioned in tender document. It however, reserves the right to reject any bid without assigning any reason. ICMR-NIE would not be under obligation to give any clarifications to those agencies whose bid have been rejected.
- ICMR-NIE reserves the right to modify and amend any of the tender condition/criterion depending upon Project priorities vis-à-vis urgent commitments. ICMR -NIE also reserves the right to cancel this bid without assigning any reason therefore.

6.2 Fraud and Corrupt Practices

- The Bidders and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Selection Process. Notwithstanding anything to the contrary contained in this Notice, the ICMR-NIE shall reject the proposal without being liable in any manner whatsoever to the Bidder, if it determines that he Bidder has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice (collectively the "Prohibited Practices") in the Selection Process. In such an event, the ICMR-NIE shall, without prejudice to its any other rights or remedies, forfeit and appropriate the Performance Security, as the case may be, as mutually agreed genuine pre- estimated compensation and damages payable to the Authority for, inter alia, time, cost and effort of the authority, in regard to the Notice, including consideration and evaluation of such bidder's proposal.

6.3 Conflict of Interest

The bidder shall disclose to ICMR-NIE in writing, all actual and potential conflicts of interest that exist, arise or may arise (either for the Bidder or the core bidder's team) in the course of performing the Service(s) as soon as practical after it becomes aware of that conflict.

6.4 Consequences of Termination

- a) In the event of termination of the Contract due to any cause whatsoever, [whether consequent to the stipulated term of the Contract or otherwise], ICMR-NIE shall be entitled to impose any such obligations and conditions and issue any clarifications as may be necessary to ensure an efficient transition and effective business continuity of the service(s) which the vendor shall be obliged to comply with and take all available steps to minimize loss resulting from that termination/breach, and further allow the next successor Vendor to take over the obligations of the erstwhile Vendor in relation to the execution/ continued execution of the scope of the Contract.
- b) After signing of the agreement, ICMR – NIE reserves the right to modify/terminate the contract in case of technical/regulatory reasons.
- c) Nothing herein shall restrict the right of ICMR-NIE to invoke the Performance Bank Guarantee securities furnished if any, enforce the Deed of indemnity and pursue such other rights and /or remedies that may be available ICMR-NIE under law or otherwise.
- d) The termination hereof shall not affect any accrued right or liability if either Party nor affect the operation of the provisions of the Contract that are expressly or by implication intended to come into or continue in force on or after such termination.
- e) If the bidder issues notice of termination based on the fact that there is change to its legal entity status or solvency or due to any Scheme of Merger or Demerger, then the Bidder is duty bound to identify the alternate mutually acceptable implementing Agency in order to ensure continuity of the obligations as per the SOW. If this is not possible before the effective date of the termination as notified, ICMR-NIE can exercise any of the rights as stated under the subclause (b) hereinabove.

6.5 Penalty

- The Bidder shall perform its obligations under the agreement entered into with the ICMR-NIE, in a professional manner.
- In the event of failure of executing the tasks as defined in Chapter 4, penalty would be levied per payment milestone period subject to a maximum of 10% of the payment for that period.

- ICMR-NIE may recover such amount of penalty from any payment being released to the Bidder.
- If any act or failure by the bidder under the agreement results in failure or inoperability of systems and if the ICMR-NIE has to take corrective actions to ensure functionality of its property, the ICMR-NIE reserves the right to impose penalty, which may be equal to the cost it incurs or the loss it suffers for such failures.
- ICMR-NIE may impose penalty to the extent of delay caused due to non-performance and loss of time, if the delay was due to the actions directly attributable to the staff of Bidder.
- The ICMR-NIE shall implement all penalty clauses after giving due notice to the bidder
- If the Bidder fails to complete the due performance of the contract in accordance with the specification and conditions of the offer document, the ICMR-NIE reserves the right either to cancel the order or to recover a suitable amount as deemed reasonable as Penalty for nonperformance. ICMR-NIE also reserves the right to get the work done through alternate agency and recover the cost of such work from the Performance Bank Guarantee of Bidder with ICMR-NIE.

8. Information about Online Bid Submission

The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

More information useful for submitting online bids on the CPP Portal may be obtained at:

<https://eprocure.gov.in>.

REGISTRATION

- 1) Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL: <https://eprocure.gov.in>) by clicking on the link “Online bidder Enrolment” on the CPP Portal which is free of charge.
- 2) As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- 3) Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
- 4) Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / nCode / eMudhra etc.), with their profile.
- 5) Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSC’s to others which may lead to misuse.
- 6) Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / e-Token.

SEARCHING FOR TENDER DOCUMENTS

- 1) There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as Organization Name, Form of Contract, Location, Date, Other keywords etc. to search for a tender published on the CPP Portal.
- 2) Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective ‘My Tenders’ folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
- 3) The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

PREPARATION OF BIDS

- 1) Bidder should consider any corrigendum published on the tender document before submitting their bids.

- 2) Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- 3) Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF / JPG formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing file size of the scanned document.

SUBMISSION OF BIDS

- 1) Bidder should log into the site well in advance for bid submission so that they can upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- 2) The bidder has to digitally sign and upload the required bid documents one by one as indicated in the e-tender document.
- 3) Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable.
- 4) The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.
- 5) All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the Secured Socket Layer 125-bit encryption technology. Data storage encryption of sensitive fields is done. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid openers' public keys. Overall, the uploaded tender documents become readable only after the tender is opened by the authorized bid openers.
- 6) Upon timely and successful submission of bids (i.e. after Clicking "Freeze Bid Submission" in the portal), the portal will give a successful bid submission message & a bid summary will be displayed with the bid number and the date & time of submission of the bid with all other relevant details.
- 7) The bid summary has to be printed and kept as an acknowledgement of the submission of the bid. This acknowledgement may be used as an entry pass for any bid opening meetings.

ASSISTANCE TO BIDDERS

- 1) Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
- 2) Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk.
